

Information for participants

The official language of the meeting is english. Participation to the meeting is free of charge though registration through the scientific secretariat is mandatory. Certificate of attendance will be available upon request. A limited number of young participants (age <38 years) with no academic permanent position will be covered for hotel (full board in double room accomodation) expenses and assigned on a first arrival basis.

Abstracts Submission

Participants are welcome to submit abstracts for presentation at the meeting. All abstracts will be for oral or poster presentation and should be written according to the instructions below. Deadline for submission: 15th July 2010. Abstracts must be submitted by e-mail to the scientific secretariat indicating “Monothematic pain meeting” as subject of the correspondence. Authors will be notified the acceptance of the abstract by August, 10th, 2010. The abstract, written in times new roman (12 character), should contain a sentence stating the study objective, a brief statement of methods, if pertinent, a summary of the results and a statement of the conclusions. It is not satisfactory to say, “the results will be discussed”. Use a short, specific title. Capitalize initial letters of trade names. Use standard abbreviations for units of measure. Other abbreviations should be spelled out in full at first mention, followed by the abbreviation in parentheses. Include the source of research support on the bottom line of the abstract. The presenting author assures the merit of the presentation and that all authors listed have had a significant role in the research being reported. The size of the poster will be 70 cm width and 100 cm height. Posters should be mounted on the numbered boards at the corresponding number as listed in the book of abstract (e.g. P1 to P24) and should be attended by one of the Authors during the whole duration of the poster session as indicated in the scientific programme. Posters should be dismantled at the end of the poster session.
